**Create Learning Environments That Engage Children in Communication**

**January 23<sup>rd</sup>, Monday**

**6:00 – 8:00 pm**

Explore environmental designs that facilitate interactions among children.  
Practice communication and interaction techniques that help children gain social skills, develop language,  
and increase vocabulary.

*Instructor: Jean Johnson, BS, Early Learning Trainer*

*ckc: Learning Environments & Curriculum, Set 1*

**Understanding Behaviors and Making Adaptations for Learning**

**February 27<sup>th</sup>, Monday**

**6:00 -- 8:00 pm**

Clear expectations and understanding child development are critical for guiding children's behaviors.  
Children also communicate their individual learning needs through their behaviors.  
We will practice communicating clear expectations, responding consistently when correcting behavior,  
and adapting teaching based on children's cues.

*Instructor: Jean Johnson, BS, Early Learning Trainer*

*ckc: Understanding & Guiding Behaviors, Set 1*

**Creating Successful Readers and Learners**

**March 19<sup>th</sup>, Monday**

**6:00 – 8:00 pm**

Children get ready to read long before they start kindergarten. This class will focus on early literacy and what you can do to help young children, from newborns to five-years-old, become aware and comfortable with books and language. Early literacy is what children know about reading and writing before they can actually read or write. Young children often have short attention spans. Here you can learn how to share early literacy activities in short bits of time throughout the day.

*Instructor: Megan Brandsma, BS*

*ckc: Learning Environments & Curriculum, Set 1*
